## Juvenile Services Committee and NCJJ Annual Report

### Mission Statement:

Design a comprehensive, accountable, culturally competent, continuum of care in the juvenile justice system that meets the needs of families and youth while maintaining public safety.

### Committee Goal:

To work collaboratively with the executive, legislative, judicial, and county branches of government, the Nebraska Children's Commission, and other key stakeholders to establish and support the development of the ideal juvenile justice system that will prevent children and youth from entering or becoming more deeply involved in the juvenile justice system.

WILL NEED TO REVIEW GOAL AND STRATEGIC GOALS FOR ACCURACY. I WASN'T SURE IF THIS PAGE WAS CORRECT.

### Strategic Goals to Reduce Out of Home Placements

#### Legislative Reform:

Promote legislative reform in line with best practices in juvenile justice.

#### High Utilizers of Services:

Identify the gaps in services available to the juvenile justice population across Nebraska and strategies to increase efficiency serving youth with highest needs.

#### Transition Services:

Review and make recommendations related to best practices in the juvenile justice out-of-home continuum of care, including transition supports.

#### Youth & Family Engagement:

Develop strategies to obtain the voices of system involved youth and their families to encourage knowledgeable and prepared support systems for the youth.

JOINT LETTER FROM JUVENILE SERVICES COMMITTEE AND NEBRASKA  
COALITION FOR JUVENILE JUSTICE CHAIRS

July \_\_\_\_, 2018

Dear Juvenile Justice Stakeholders,

No changes to this  
page. Same as last  
year

The Juvenile Services Committee (“Committee”) of the Nebraska Children’s Commission and the Nebraska Coalition for Juvenile Justice (“NCJJ”) present this joint report as a thoughtful contribution to the reform of juvenile justice in Nebraska and in compliance with Neb. Rev. Stat. 43-4203 and 43-2412(1) (d). Building a strong state requires youth to grow into healthy and productive adults, and the juvenile justice system plays an essential role in helping youth access the support they need to reach their full potential in their communities. Both groups are committed to community safety and youth well-being to grow adults who participate in Nebraska’s economy, workforce, and democracy. The recommendations contained in this joint report support the ongoing juvenile justice reform efforts, and reflect a collaborative, open, and inclusive process of discussion and information sharing.

The Committee and NCJJ made the decision to collaborate in order to eliminate duplication, coordinate work to support juvenile justice, and make the most responsible use of resources possible. Following Nebraska’s decision to no longer seek Office of Juvenile Justice and Delinquency Prevention Title II Federal Juvenile grant funding, both bodies believed it is essential for the NCJJ to continue its statutory functions related to Community Based Aid funding, Disproportionate Minority Contact, and its subcommittees. The decision related to funding is discussed in more detail in this report.

Nebraska’s work towards a streamlined, collaborative, and rehabilitative- focused juvenile justice system will be on-going. However, with the continued support from your office, the diligent work of our state’s communities, and the Committee and the NCJJ’s dedication to connecting all components of this process, the work will find positive change for Nebraska youth, families and communities. Both groups are available as a resource to the Governor, Legislature, Judicial Branch, and any agency working to improve outcomes for youth involved in or at risk of becoming involved in the juvenile justice system.

Sincerely

Cassandra Blakely  
NCJJ Chairperson

Nicole Brundo  
Committee Co-Chair

## Juveniles Services Committee and Nebraska Coalition for Juvenile Justice Collaboration

Juvenile justice policies and programs are essential to the well-being of youth and safety of communities. When youth who are in or at risk of entering the juvenile justice system can remain safely in their communities, they can reach their full potential. Nebraska's economy and workforce rely on healthy youth living, working, and raising families safely in their communities. Nebraska has made juvenile justice a priority with stakeholders working together to identify innovative solutions to the challenges facing youth who are involved with or at risk of becoming involved with the juvenile justice system.

In order to enhance collaboration, coordinate initiatives, and increase the impact and efficacy of juvenile justice reform in Nebraska, the Juvenile Services Committee of the Nebraska Children's Commission and the Nebraska Coalition for Juvenile Justice have begun collaborating in the form of joint meetings, joint reporting, and inclusive workgroups. This collaboration will allow the most coordinated response possible for juvenile justice reform, while allowing each body to meet its statutory obligations in the most efficient way possible.

The two have divided initiatives and work based on the juvenile justice continuum of care.

These groups will work together in 2018 towards juvenile justice reform and improved outcomes for Nebraska's youth and families. Both groups remain willing to serve as a resource to the Legislature, Governor, Judicial Branch, and state agencies for any juvenile justice related issue or initiative.

## 105<sup>TH</sup> LEGISLATURE, 2<sup>ND</sup> SESSION HIGHLIGHTS

### LB732

Legislative Bill 732 (Riepe) changed the annual reporting requirements related to the Nebraska Children's Commission and the Juvenile Services Committee. The annual report to the Legislature deadline has been changed from December 1<sup>st</sup> annually to September 1<sup>st</sup> annually. This abbreviated report will cover the shortened period of December 2017 to June 30, 2018. For subsequent years, the Juvenile Services Committee will report on state fiscal year, July 1<sup>st</sup> to June 30<sup>th</sup> for each September 1<sup>st</sup> annual report.

### LB670

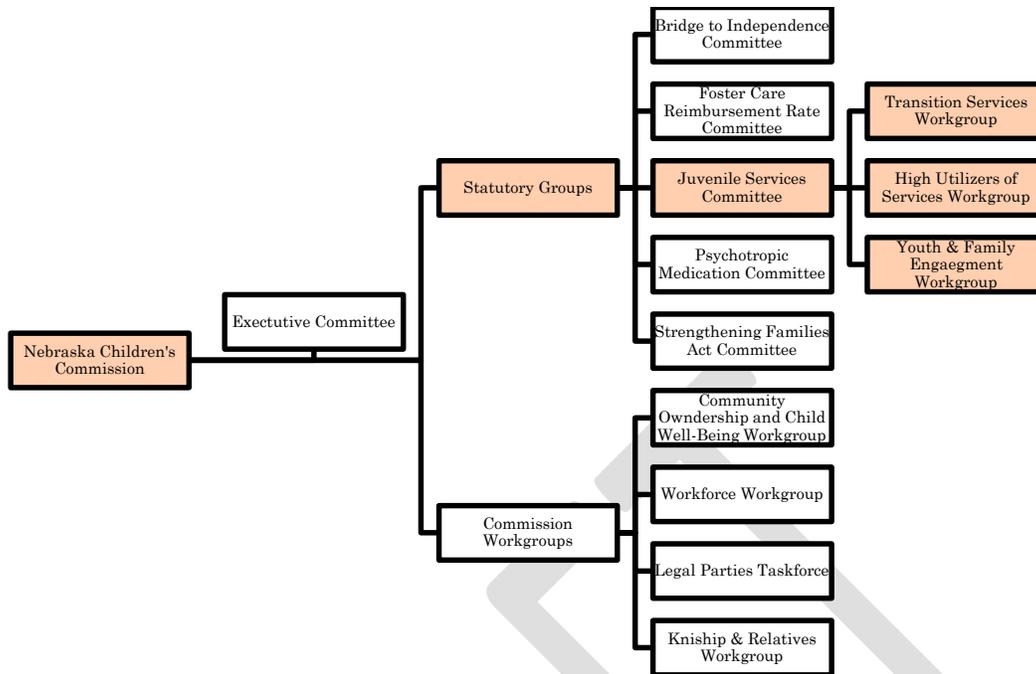

Legislative Bill 670 (Krist) was a juvenile justice legislative package which contained several pertinent sections relevant to the Juvenile Services Committee and Nebraska Coalition for Juvenile Justice. Amendments incorporated several other bills introduced, all of which resulted in:

- changes to membership and duties of the Coalition (LB 670);
- changes to provisions relating to a report on juvenile facilities and detention room confinement (LB 516);
- a clean-up bill from the graduated response bill from 2017 (LB 673);
- peace officers' duties regarding encounters with youth under age 11 (LB 774);
- provisions for jurisdiction to make factual findings under the Uniform Child Custody Jurisdiction and Enforcement Act (LB826); and
- provisions changed relating to placement and detention of juveniles (LB 1112).

The COMMITTEE's legislative reform group was highly active during this session, testifying, researching and providing for a roundtable discussion on detention facilities. The COMMITTEE & NCJJ will continue to monitor the impact and capacity of Nebraska's continuum of care for juvenile justice in order to implement and comply with these changes.

### LR451

Legislative Resolution 451 (Bolz) was introduced on March 27, 2018. The interim study is to examine the work of the Nebraska Children's Commission and to evaluate the need for the commission's continuation and any revisions to its structure and purpose. The Committee is to report annually to the Nebraska Children's Commission, the Health and Human Services Committee of the Legislature, and the Governor. The following is the organizational structure of the Juvenile Services Committee, formerly named, the Office of Juvenile Services Committee.

The Juvenile Services Committee was appointed in 2013. Attendance records have been reviewed and indicate participation is active and a quorum is consistently met at quarterly meetings. The need for the Juvenile Services Committee to remain as a statutory body has been reviewed. The Juvenile Services Committee recommends the continuation of the Committee irrespective of the Nebraska Children’s Commission statutory sunset date (June 30, 2019). A review and amendment of Neb. Rev. Stat. §43-4203(b) will be needed in the event the Nebraska Children’s Commission sunsets and is no longer the parent Commission to the Juvenile Services Committee. Great progress has been made by the Committee, and further work remains.

### Juvenile Services Committee Mission

Design a comprehensive, accountable, culturally competent, continuum of care in the juvenile justice system that meets the needs of families and youth while maintaining public safety.

### Juvenile Services Committee Goal

To work collaboratively with the executive, legislative, judicial, and county branches of government, the Nebraska Children’s Commission, and other key stakeholders to establish and support the development of the ideal juvenile justice system that will prevent children and youth from entering or becoming more deeply involved in the juvenile justice system.

### Juvenile Services Committee 2018 Strategic Priorities

During 2018, the Committee surveyed its members in order to prioritize and refine the organizational structure of the Committee and its workgroups. Following the results of the survey, the Committee realigned resources and initiatives in order to balance the work of the two statutory bodies, reduce the number of workgroups and priorities. A list of 2017

recommendations and their status update is included in **Appendix**. There were 15 recommendations adopted by the Nebraska Children’s Commission. As of June 28, 10 have been implemented or are in progress.

Transition Services  
High Utilizers of Services  
Youth and Family Engagement

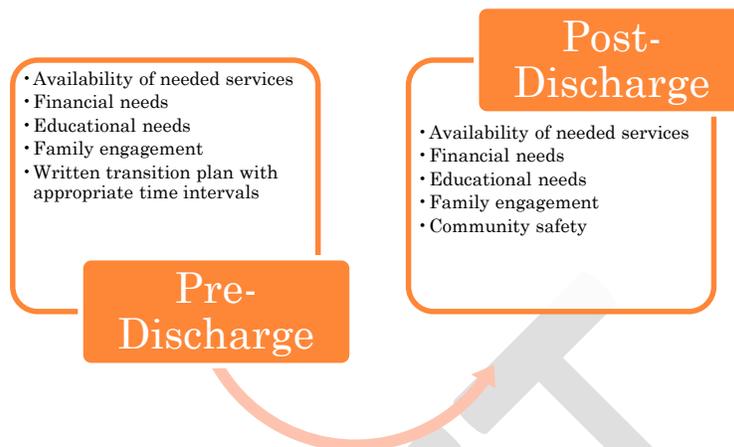

The survey sent out to members indicated the identified goal for the year was the reduction of out-of-home placements. Three workgroups were identified to aid in this goal were: Transition Services, Youth and Family Engagement, and High Utilizers of Services. Members were encouraged to join groups.

### Strategic Priority One: Transition Services Workgroup

**Review and evaluate supports needed and available to Nebraska youth and families at the time of transition from one placement setting to another, specifically from congregate care settings to family-like settings.**

Originally, this group started as the YRTC and Out of Home Placement Workgroup, along with the Committee. This group identified recommendations related to the YRTCs. The group then reconvened as the Out-Of-Home Placement and Transitions Workgroup in 2016 to focus on the juvenile justice out-of-home continuum of care, along with transitions back to youths’ communities. As the Committee refined its operations and scope, this third re-iteration of the group will now focus exclusively on transition services in 2018. The key to effective transitions begins at the time of out of home placement.

The goal of this workgroup is to develop an educated model to use during transitions listed below. There are three main types of transition which occur from congregate care to a family-like setting. Those include re-entry from the YRTC’s, therapeutic and non-therapeutic placement settings.

The group is working on the creation of transition checklists for stakeholders, including consultation with providers, court professionals, the Administrative Office of Probation and the Office of Juvenile Services. Best practice recommendations will be submitted as they relate to the areas included on the drafted checklists. At this time, the workgroup is in the process of developing formal recommendations, which will be ready for review in 2019.

## Strategic Priority Two: High Utilizers of Services Workgroup

**Identify the gaps in services and strategies to increase efficiency around youth with high needs.**

A reiteration of the former “Placement and Needs Mapping” Workgroup, this workgroup will further explore the demographic of the most critical youth receiving services. Created in 2018, this workgroup is currently defining the population, scope and deliverables for this workgroup. “High utilizers of services” are juvenile justice involved youth, with complex care needs, whom experienced multiple placement settings and delays in appropriate placement due to a lack of available options. These youth have often experienced multiple interventions from various systems including child welfare, educational services, developmental disabilities and/or behavioral health in addition to juvenile justice involvement.

This group has met once in 2018 and additional meetings are planned in quarters three and four. Aggregate baseline data is being collected by the Administrative Office of Probation, and Division of Behavioral Health to inform the group’s definition of this critical population. At this time, this group has no formal recommendations. As the workgroup gathers, evaluates and analyzes data, a refined scope, definition and timeline for deliverables will be set forth. Formal recommendations will be available in 2019.

## Youth & Family Engagement Workgroup

**Develop strategies to obtain the voices of system involved youth and their families to encourage knowledgeable and prepared support systems for the youth.**

Through engagement, youth and family voice inform policy, practice and service provision through the perspective of the youth and family navigating the juvenile justice continuum of services. Created in 2018, this workgroup is currently researching existing youth and family advisory forums in Nebraska.

### Workgroup Goals:

1. Gather promising practices for including youth and family voice in policy and practice.
2. Identify all youth and family councils in Nebraska and create a resource guide to share with other entities which don't have a council, and for youth and families seeking opportunities to get involved in a council.
3. Make recommendations to COMMITTEE on best practices for youth and family engagement at all stages of the system to support youth and families.

At this time, this group has no formal recommendations. Formal recommendations will be available in 2019.

## Nebraska Coalition for Juvenile Justice Updates

The Nebraska Coalition for Juvenile Justice (Coalition) was created in 2000 by LB1167 and codified at [Neb. Rev. Stat. §43-2411](#) as an advisory committee to the Nebraska Commission on Law Enforcement and Criminal Justice (Nebraska Crime Commission) to make recommendation on awarding of grants; identify juvenile justice issues, share information, and monitor and evaluate programs in the juvenile justice system; recommend guidelines and supervision procedures to be used to develop or expand local diversion programs for juveniles; and prepare an annual report including recommendations on administrative and legislative actions which would improve the juvenile justice system.

During this reporting period, the Coalition was required to comply with the federal Juvenile Justice and Delinquency Prevention Act (JJDP Act) as the State Advisory Group (SAG) for Nebraska to be eligible for receiving the Title II federal juvenile grant. The purpose of Title II funds is to support creation of an overarching, developmentally appropriate, and trauma-informed framework for states to use to inform and connect youth justice work to development of individual and multi-agency, comprehensive state plans that support the well-being of all youth. Nebraska's eligibility for receiving Title II funding is determined by its compliance with the four core requirements of JJPD Act.

The Four Core Requirements are:

1. Removal of status and non-offenders from secure detention facilities;
2. Separation of adult and juvenile offenders throughout incarceration;
3. Removal of juveniles from adult jails and lockups, and
4. That state must collect and analyze data to identify and address any disproportionate numbers of minority youth at specific decision points throughout the juvenile justice system.

New federal regulations taking effect July 1, 2017 require any state receiving funds to have no violations of juvenile detainees being held in an adult facility. Any violations will result in a 40% reduction in federal grant and administrative funds from Title II. In the past year, we believe Nebraska had 3 violations. The increased requirements, along with decreased funding and administration does not make it feasible for the Nebraska Crime Commission to administer this grant going forward. Beginning July 1, 2017, the state of Nebraska is no longer seeking the Office of Juvenile Justice and Delinquency Prevention Title II Federal Juvenile grant.

When a state decides to not apply for the funds, a local government or nonprofit organization may apply for the funding as a “non-participating” entity. The non-participating entity must choose only one of the four core requirements to focus on. A government agency from Nebraska did apply for the funds, focusing on Disproportionate Minority Contact. The awarding of funds decision has not been made at the time of this report.

While the Coalition is no longer federally mandated due to the withdrawal from Title II funding, the Coalition remains active with five standing subcommittees who meet in addition to quarterly Coalition meetings: Executive, Grant Review, Disproportionate Minority Contact, Youth, Diversion, and Community Planning.

The goal of the Coalitions remains to improve all aspects of the juvenile justice system in the state of Nebraska by assisting communities and the state with the planning and implementation of systemic improvements, advocacy, education, and award recommendations of state funds for such purposes. It is hoped the lives and futures of children, youth, and families involved with the juvenile justice system will be improved.

Due to the desire to not duplicate efforts with other statewide commissions and coalitions, and to develop strong recommendations for juvenile justice in Nebraska, the Coalition has joined forces with the Children's Commission Juvenile Services Committee to hold joint meetings and provide annual recommendations.

### **Diversion Subcommittee:**

The Juvenile Diversion Subcommittee of the Nebraska Coalition for Juvenile Justice is a working group established in 2013. The duties of the subcommittee, outlined in Nebraska Revised Statute §81-1427, include assisting in regular strategic planning related to supporting, funding, monitoring, and evaluating the effectiveness of plans and programs receiving funds from the Community-based Juvenile Services Aid Program.

In January 2018, the subcommittee developed a strategic plan identifying priorities of the subcommittee in which goals and direction could be established moving forward. Those goals were then assigned to working groups to start the process of achieving those statewide goals. The Diversion Subcommittee Strategic Plan can be found [here](#).

For more information about juvenile diversion in Nebraska, please see the Annual Report [here](#).

### **Community-based Juvenile Services Aid Division**

The Community-based Juvenile Services Aid Division is a separate and distinct budgetary program within the Nebraska Crime Commission. Funds under this program shall be used exclusively to assist aid recipients in the implementation and operation of programs or the provision of services identified in the aid recipient's comprehensive juvenile services plan, including programs for local planning and service coordination; screening, assessment, and evaluation; diversion; alternatives to detention; family support services; treatment services; truancy prevention and intervention programs; pilot projects approved by the Nebraska Crime Commission; payment of transportation costs to and from placements, evaluations, or services; personnel when the personnel are aligned with evidence-based treatment principles, programs, or practices; contracting with other state agencies or private organizations that provide evidence-based treatment or programs; pre-existing programs that are aligned with evidence-based practices or best practices; and other services that will positively impact youth and families in the juvenile justice system.

The Director of the Community-based Juvenile Services Aid Division of the Nebraska Crime Commission is responsible for providing technical assistance and guidance for the

development of comprehensive juvenile services plans; coordinating the review of the Community-based Juvenile Services Aid Program application and making recommendations for the distribution of funds; developing data collection and evaluation protocols, overseeing statewide data collection, and generating an annual report on the effectiveness of juvenile services that receive funds; developing relationships and collaborating with juvenile justice system stakeholders, providing education and training as necessary, and serving on boards and committees when approved by the commission; assisting juvenile justice system stakeholders in developing policies and practices that are research-based or standardized and reliable and are implemented with fidelity and which have been researched and demonstrate positive outcomes; developing and coordinating a statewide working group as a subcommittee of the Nebraska Coalition for Juvenile Justice to assist in regular strategic planning related to supporting, funding, monitoring, and evaluating the effectiveness of plans and programs receiving funds; and working with the coordinator of the Nebraska Coalition for Juvenile Justice in facilitating their obligations specific to the Community-based Juvenile Services Aid Program. The Financial Grants Monitor is responsible for fiscally monitoring subgrantees, processing reimbursement contingent upon documentation, reviewing cash reports, processing cash requests, and the overall fiscal oversight of the Community-based Juvenile Services Aid Division.

For more information about the Community-based Juvenile Services Aid Program, please see the Annual Report [here](#).

### Community Planning Advisory Subcommittee

Pursuant to Nebraska Revised Statute § 43-2404.01, the Director of the Community-based Juvenile Services Aid Program shall develop and coordinate a statewide working group as a subcommittee of the coalition to assist in regular strategic planning related to supporting, funding, monitoring, and evaluating the effectiveness of plans and programs receiving funds from the Community-based Juvenile Services Aid Program. The working group was developed in 2013 and is comprised of approximately 14 individuals from across Nebraska. This statewide working group is referred to as the Community Planning Advisory Subcommittee of the Nebraska Coalition for Juvenile Justice.

### Juvenile Services Funds

Juvenile Services funds are state funds appropriated by the Nebraska Legislature and administered by the Nebraska Crime Commission. Availability of funds are announced on an annual basis and applications are accepted through a competitive grant process. The purpose of these funds, as outlined in state statute, are to provide the implementation of programs that are considered to be evidence based or working towards becoming evidence based. These funds provide program development and evaluation consultation for projects funded through Juvenile Services. A variety of projects are funded through juvenile services such as programs for assessment and evaluation, family support services, alternatives to detention, delinquency

prevention, community centers, mentoring, substance abuse, school programs, prevention of delinquent behavior, diversion and to address Disproportionate Minority Contact.

## 2018 RECOMMENDATIONS

### STATUTORY RECOMMENDATIONS

1. The Juvenile Services Committee recommends the continuation of the Committee irrespective of the Nebraska Children's Commission statutory sunset date (June 30, 2019). A review and amendment of Neb. Rev. Stat. §43-4203(b) will be needed in the event the Nebraska Children's Commission sunsets and is no longer the parent Commission to the Juvenile Services Committee.

## APPENDIX ---: JUVENILE SERVICES COMMITTEE STATUTORY AUTHORITY

### **Juvenile Services Committee Statute Neb. Rev. Stat. 43-4203(b)**

The commission shall create a committee to examine the Office of Juvenile Services and the Juvenile Services Division of the Office of Probation Administration.

Such committee shall review the role and effectiveness of out-of-home placements utilized in the juvenile justice system, including the youth rehabilitation and treatment centers, and make recommendations to the commission on the juvenile justice continuum of care, including what populations should be served in out-of-home placements and what treatment services should be provided at the centers in order to appropriately serve those populations.

Such committee shall also review how mental and behavioral health services are provided to juveniles in residential placements and the need for such services throughout Nebraska and make recommendations to the commission relating to those systems of care in the juvenile justice system.

The committee shall collaborate with the University of Nebraska at Omaha, Juvenile Justice Institute, the University of Nebraska Medical Center, Center for Health Policy, the behavioral health regions as established in section 71-807, and state and national juvenile justice experts to develop recommendations.

The recommendations shall include a plan to implement a continuum of care in the juvenile justice system to meet the needs of Nebraska families, including specific recommendations for the rehabilitation and treatment model.

The recommendations shall be delivered to the commission and electronically to the Judiciary Committee of the Legislature annually by September 1.
